Rationale for changes made to documents.

The Authorised Representative's address has been added to the declarations of conformity.
It should be noted that the Representative has not changed.

In the above-mentioned declaration of conformity, the certificate number and references to standards have been updated.

Conclusions

On the basis of the above, we believe that the changes to the Declarations of Conformity are not considered as significant changes as they do not change the design and/or intended use.

This conclusion was also reached by following the indications provided by the MDCG 2020-3 document (guidance to support the assessment of changes in accordance with Article 120(3) of the MDR 2017/745 regulation).
