

Swiss Dental Diamonds since 1968
by Vanetti SA

WHY?

Fast delivery and competitive prices.

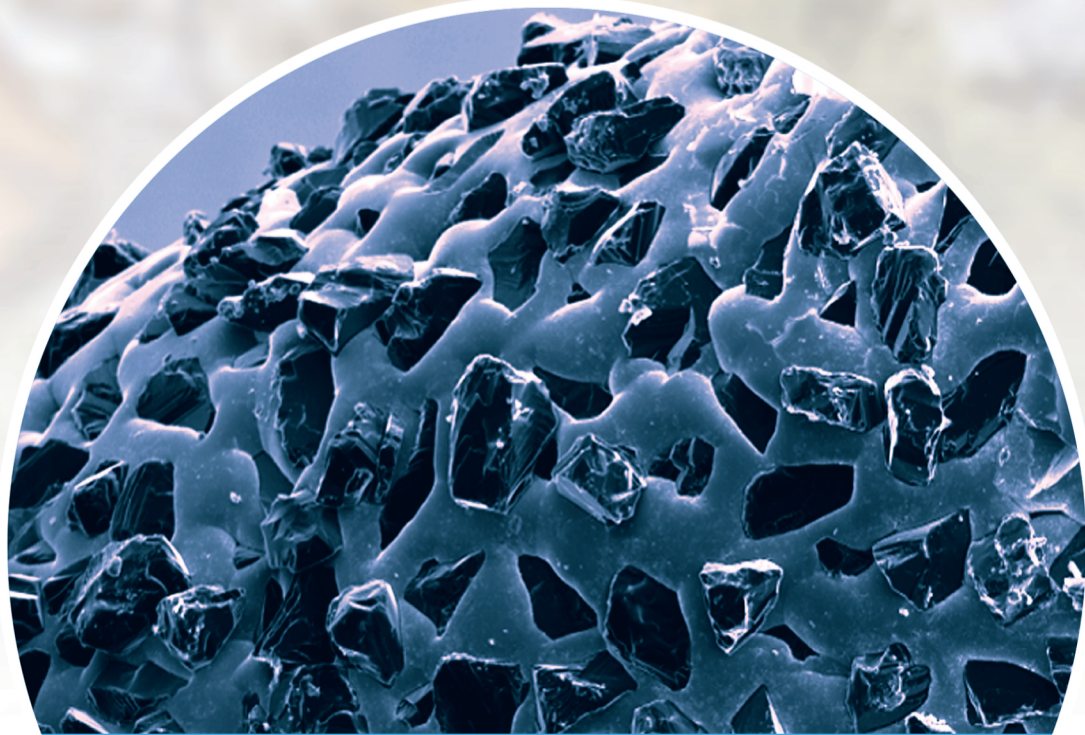

Precise cutting free of vibrations by **perfect geometry of the working part.**

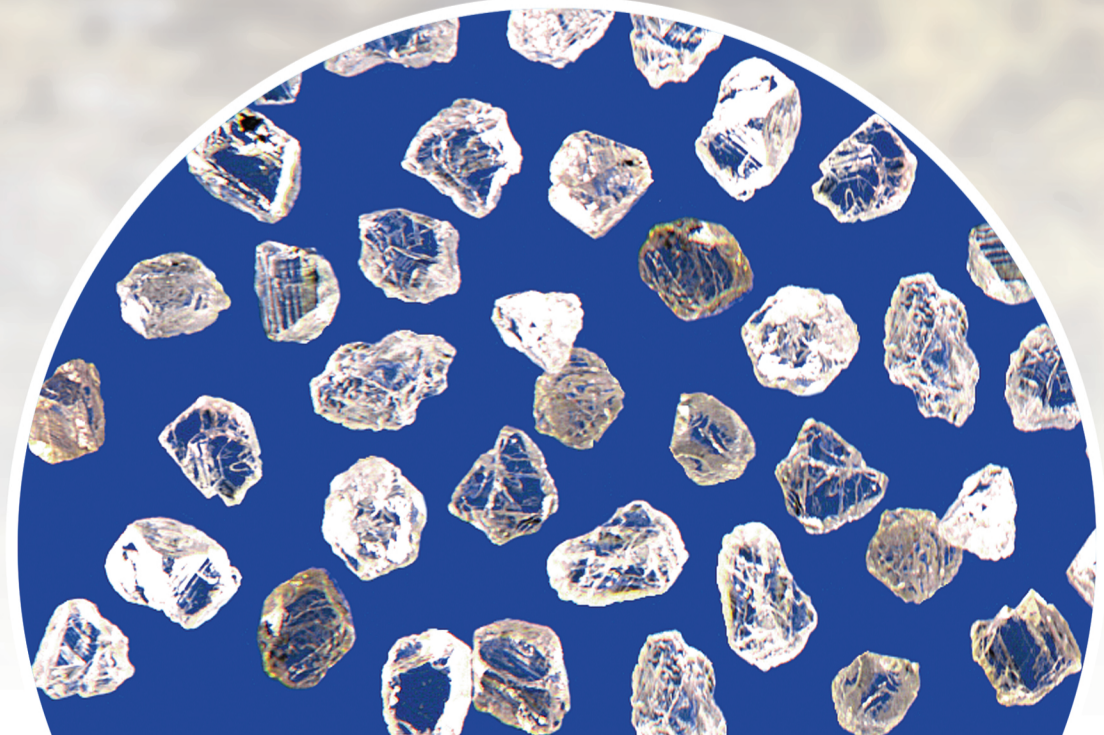

Excellent hardness, resistance to corrosion, stricted diameter tolerances perfect run-out, by **high performed stainless steel shanks.**

5 GOOD REASONS

Long cutting action by **strong anchorage and high density of the diamond grits.**

Sharper cutting and heat resistance by **high selected natural diamond crystals.**
